PROJECT FURNITURE · FROM DESIGN TO INSTALLATION

Product Catalogue 2026

We manufacture interior furniture for residential, hotel and commercial projects in our own factories in Çorlu and Ankara and install it on site. In foreign trade since 2017, we export to the GCC, Europe, the Balkans and Africa.

OUR APPROACH

One contact. One responsibility.

Project furniture goes wrong where design, manufacturing and installation are split between different companies. Omar Wood keeps that chain in one company: the people who read the drawings work alongside the people who plan production and the people who install.

01	Design	Drawing review, shop drawings and take-off
02	Manufacturing	Produced in our Çorlu and Ankara factories
03	Installation	Installed and handed over on site

09 Terms and contact

Scope agreed in writing We review your drawings for furniture scope and flag missing or conflicting details at quotation stage. Every quotation is itemised and comparable.	Production to approved drawings Manufacturing starts from the shop drawings you have approved.	Sample first, then series Colour, material and hardware samples go to you for approval; series production starts only after sign-off.
Production tied to your programme We plan production and deliveries around your site programme, sequenced by block, floor or room type.	Checked before dispatch Dimension, surface and hardware checks, with factory pre-assembly of critical units. Faults are caught in the factory, not on site.	One contract, one responsible party Every interior furniture item, from survey to installation, under one quotation and one responsible party. Handover is signed off on a handover report.

Kitchen modules

We standardise kitchens by apartment type, draw the exceptions separately, produce in series in our Çorlu factory and install on site.

COLOUR / FINISH

Lacquer, acrylic, laminate, veneer

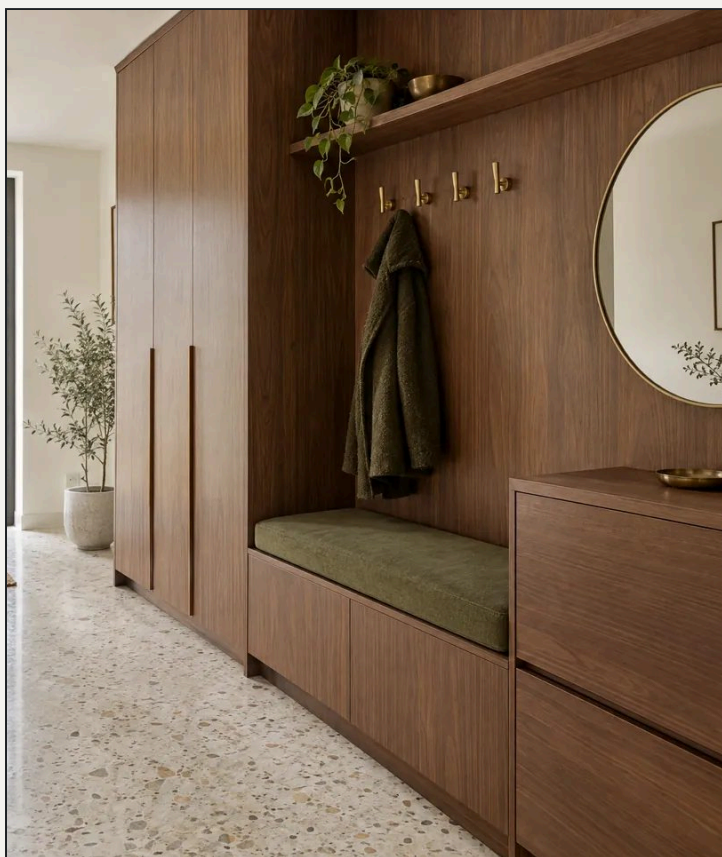

Wardrobes

We produce wardrobes and entrance units in series by apartment type for residential projects, and made to measure for homeowners.

COLOUR / FINISH

Lacquer, laminate, veneer

PRODUCT AND MATERIAL IMAGES ARE REPRESENTATIVE; COLOURS AND MODELS ARE CONFIRMED IN THE QUOTE.

Entrance units

Hall cupboards, shoe storage and entrance units with seating; made to measure for narrow halls, in series by apartment type for residential projects.

Vanity units

We produce vanity units and tall bathroom cabinets in moisture-resistant board and edging, in series by apartment or room type.

PRODUCT AND MATERIAL IMAGES ARE REPRESENTATIVE; COLOURS AND MODELS ARE CONFIRMED IN THE QUOTE.

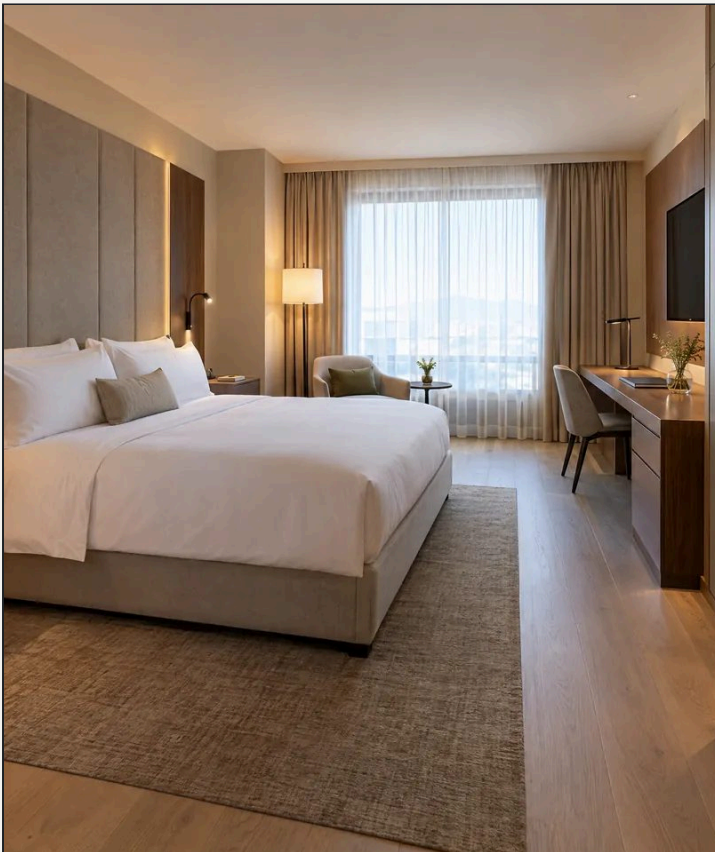

Interior doors

We make interior doors to project dimensions, complete with frames, architraves and hardware, and install them on site.

COLOUR / FINISH

Lacquer, veneer, laminate

Hotel furniture

We manufacture guest-room, corridor and public-area furniture by room type in our Çorlu factory and install it on site, for hotel projects in Türkiye and abroad.

PRODUCT AND MATERIAL IMAGES ARE REPRESENTATIVE; COLOURS AND MODELS ARE CONFIRMED IN THE QUOTE.

Materials chosen for the project

Solid wood

Walnut, oak and other species; for doors, tops and detail elements.

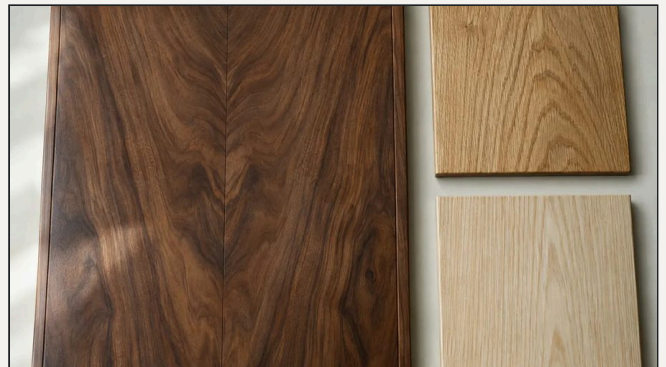

MDF

A stable, smooth substrate for lacquer and veneer.

Lacquer

Matt, satin or high gloss, in any RAL / NCS colour.

Wood veneer

Natural wood appearance with controlled grain direction and matching.

Acrylic

High-gloss door surfaces that are easy to clean.

Laminate

Impact- and scratch-resistant surfaces for heavy-use areas.

PRODUCT AND MATERIAL IMAGES ARE REPRESENTATIVE; COLOURS AND MODELS ARE CONFIRMED IN THE QUOTE.

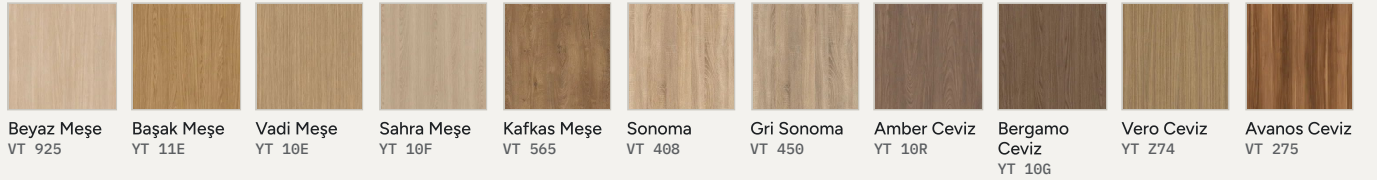

04 Colour chart

The decors most often chosen for kitchens and wardrobes from the current ranges of Yıldız Entegre and AGT, who supply our boards and lacquered panels. Any decor not shown can also be supplied; the full charts are linked below.

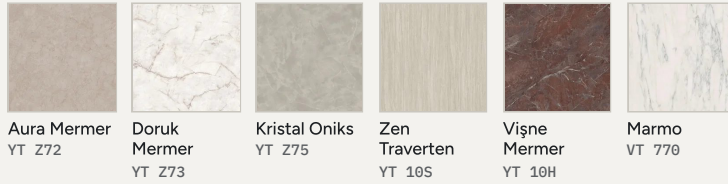

Solid colours · Yıldız Entegre MDFLAM

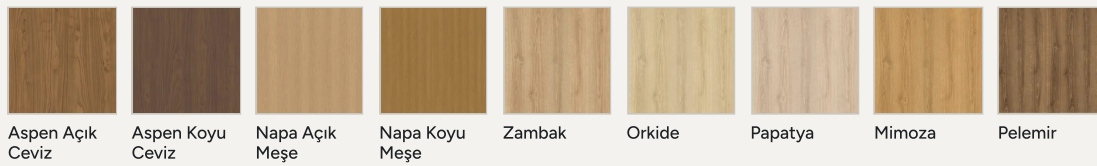

Wood grains · Yıldız Entegre MDFLAM

Stone and marble · Yıldız Entegre MDFLAM

AGT MDF-Lam

AGT Supramat panel

Most of these colours are also available as Yıldız Entegre lacquered panel in Superior Matt and Super Gloss.

COLOURS ON SCREEN CAN DIFFER FROM THE REAL SURFACE; THE FINAL CHOICE IS MADE ON A PHYSICAL SAMPLE. DECOR NAMES AND IMAGES BELONG TO THEIR MANUFACTURERS. YILDIZENTEGRE.COM · AGT.COM.TR

Our factories in Çorlu and Ankara

Çorlu is within easy road distance of Istanbul and the Kapıkule border crossing, so shipments into Europe and sites in the Marmara region start from there. Ankara is our second production site, close to projects in Central Anatolia.

Ankara · Akyurt 2,500 m²

EIGHT STEPS FROM SURVEY TO INSTALLATION

- 01 **Survey**
Site or space visit; requirements, budget and programme agreed.
- 02 **Measurement**
Precise on-site measurement; wall, ceiling and services deviations recorded.
- 03 **Design / Drawings**
Shop drawings, detail sheets and 3D visualisation where needed.
- 04 **Sample**
Approval of colour, material and hardware samples; series production starts only after sign-off.
- 05 **Production**
Cutting, edging, pressing, finishing and pre-assembly to approved drawings.
- 06 **Quality Control**
Dimension, surface and hardware checks; final inspection before dispatch.
- 07 **Shipment**
Protective packing, load planning and delivery to site or port.
- 08 **Installation**
Fitting, adjustment and handover by our own installation team.

REPRESENTATIVE IMAGE

Our board suppliers and their certificates

We buy our board materials from major Turkish panel manufacturers. The certificates below belong to those manufacturers; each can be checked on the manufacturer's own website.

Yıldız Entegre MDF, MELAMINE MDF, LACQUER PANEL, DOOR PANEL ISO 9001 ISO 14001 ISO 45001 ISO 50001 TSE · TS EN 622-5 (MDF) TSE · TS EN 14322 (melamine MDF) TSEK · lacquer panel, E1 CARB P2 / TSCA Title VI (special production) FSC® Chain of Custody www.yildizentegre.com/kalite-belgeleri	AGT MDF, HIGH-GLOSS PANEL, MELAMINE PANEL ISO 9001 ISO 14001 ISO 50001 CARB P2 / TSCA Title VI (MDF, HDF) FSC® Chain of Custody PEFC Chain of Custody www.agt.com.tr/kurumsal/indirilebilir-dosyalar
--	---

THESE CERTIFICATES BELONG TO OUR SUPPLIERS, NOT TO OMAR WOOD. LOW-EMISSION GRADES (E0, E05, CARB P2) AND FSC-SOURCED MATERIAL ARE SUPPLIED TO ORDER FOR A PROJECT AND STATED SEPARATELY IN THE QUOTE AND DELIVERY DOCUMENTS.

Hardware & fittings

For hinges, runners, lift mechanisms and handles we work with brands matched to the project budget and intensity of use.

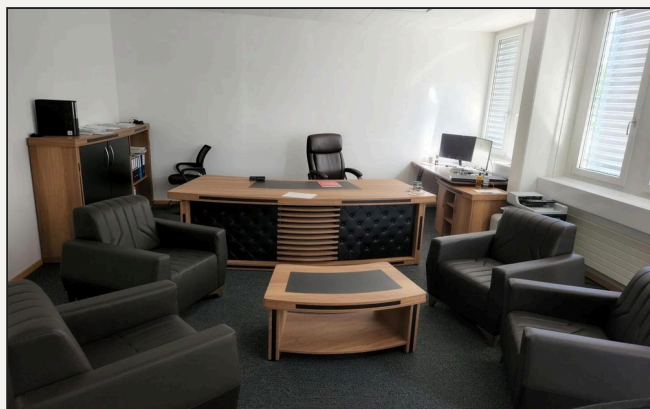

Häfele	Samet
Huzur	Özakdeniz
